

Commercial Centre Top of Ave De Las Naciones

Restorante Italiano

It's a quirky place full of nic nacks and is almost like being in someone's front room but the food is fantastic it's a bit different, but in a good way, in fairness the patron is somewhat cantankerous..... BUT this place is unmissable. The food is to die for, from the warm bread with garlic/chilli oil dip to the homemade pasta and desserts, and the bresaola... simply superb.... truly Italian, truly stunning and truly quirky Ignore those who criticise this rather unusual restaurant.... it works brilliantly, it's an institution which won't change.
