WOK - Asian Buffet – In Consum Carpark

The standards of service is excellent, although it is self-service for food, the staff are very attentive & super friendly. There is no need to book (unless you have a large party) and although it is quite often busy, the place is big with lots of seating. There is soup & a starter buffet with everything you can imagine from a Chinese style restaurant including Sushi and also some Indian style dishes and chips (if you must) You can continue eating from the many buffet dishes or have the main course Wok buffet, which is also self-service but is cooked for you. There is every kind of meat & fish (pork, beef steak, chicken, white fish, salmon, mussels, king prawns etc) and a large selection of vegetables. You choose your raw meat & raw vegetables, take these to the Wok chef where he cooks them with your choice of sauce (there's a board above the Wok chef area with all the choices available). He then places them on a clean plate for you, freshly cooked from the Wok. The puddings are many - including fresh fruit (and Chinese fruits), cakes, profiteroles, ice cream, mousses, and more.

Open from 1pm to midnight.
