

Fantastic place to take the children Its really good value for money as **everything is included in the entrance fee**, and there are loads of attractions that will appeal to all ages (except for real thrill seekers). Highly recommend visiting - but make sure everyone sleeps for a while in the afternoon - it's open until 1am often closing at 2am! This is a small amusement park in Santa Pola, it is easy to get too just off the N332. It is not very expensive and great fun. Lots of eating areas are dotted around the park **and free parking too!**
